GCSE Graphics Product: Project Intervention

Dear Parent/Carer

Darton College is committed to ensuring that learners achieve their full potential in all subject areas. In order for this to happen, we are closely monitoring the progress of learners to ensure that they remain on track to achieve their best in all subject areas.

While effort in class is generally good in Graphics, your child requires additional support to make further progress to achieve his/her Summer GCSE grade. Weekly after-school intervention sessions will take place for one hour commencing this **Wednesday 4th October** which we would like your child to attend.

Should you have any questions regarding the above information or if your child is unable to attend the weekly sessions, please do not hesitate to contact me or your child's Graphics Product Teacher.

Yours faithfully

Mrs A Hudson
Creative Curriculum Subject Teacher
